# GLAMORA

**IT** Glamora nasce nel 2010, in risposta alle nuove suggestioni della decorazione d'interni. Lasciatasi alle spalle il minimalismo degli anni Novanta, che aveva fatto del "Less is More" di Mies van der Rohe il proprio credo, l'interior decoration era alla ricerca di soluzioni innovative per vestire le pareti.

Glamora introduce nel progetto d'interni l'elemento narrativo che anima le superfici e il su misura, la possibilità di avere una soluzione personalizzata.

Anno dopo anno l'azienda, in costante crescita, è arrivata a offrire una grande varietà di proposte tematiche, con materiali e concetti inediti studiati per interni a destinazione residenziale, commerciale e hospitality.

**EN** Glamora was founded in 2010, in response to the new suggestions from the world of interior decoration. Leaving behind the minimalism of the nineties, which had adopted Mies van der Rohe's "Less is More" as its guiding principle, interior decoration was on the lookout for innovative solutions for covering walls.

Glamora introduces a narrative element into interior design, bringing surfaces to life, and its custom-made option offers a personalised solution.

Year after year, the company, in constant growth, has come to offer a wide variety of themed proposals, with brand new materials and concepts designed for interiors in residential, commercial and hospitality fields.

**ES** Glamora nace en 2010, como respuesta a las nuevas propuestas de decoración de interiores. Dejando atrás el minimalismo de los años 90, que había hecho del "Less is More" de Mies van der Rohe su credo, la decoración de interiores buscaba soluciones innovadoras para vestir las paredes.

Glamora introduce en el diseño de interiores el elemento narrativo que anima las superficies y lo hecho a medida, la

posibilidad de tener una solución personalizada. Año tras año la empresa, en constante crecimiento, ha llegado a ofrecer una amplia variedad de propuestas temáticas, con nuevos materiales y conceptos estudiados para el interior de viviendas, comercios y hostelería.

**FR** Glamora naît en 2010, en réponse aux nouvelles suggestions de la décoration d'intérieurs. Laissant derrière elle le minimalisme des années 90, qui avait fait du « Less is More » de Mies van der Rohe sa devise emblématique, l'interior decoration était à la recherche de solutions innovantes pour habiller les murs.

Glamora introduit dans le design d'intérieur l'élément narratif, qui anime les surfaces, et le sur-mesure, la possibilité d'avoir une solution personnalisée.

Année après année, l'entreprise, en croissance constante, est aujourd'hui en mesure d'offrir une grande variété de propositions thématiques, avec des matériaux et des concepts inédits, conçus pour les intérieurs à des fins résidentielles, commerciales et d'accueil.

**DE** Glamora wurde 2010 als Reaktion auf die neuen Suggestionen für das Innendesign gegründet. Nach dem Minimalismus der neunziger Jahre, der das „Less is More“ von Mies van der Rohes zum eigenen Glauben gemacht hatte, suchte das Innendesign nach innovativen Lösungen für die Verkleidung der Wände.

Glamora führt im Innendesign das erzählende Element ein, das Oberflächen und maßgeschneiderten Projekte animiert, um auf die individuellen Bedürfnisse zugeschnittene Lösungen auszuarbeiten.

Jahr für Jahr bietet das sich ständig weiterentwickelnde Unternehmen eine große Vielfalt an thematischen Vorschlägen mit neuen Materialien und Konzepten für Innenräume, die für Wohn-, Geschäfts- und Gastgewerbezwecke ausgearbeitet wurden.

## BESPOKE DESIGN

**IT** Tutte le proposte della collezione sono realizzate esclusivamente su misura grazie a una tecnologia produttiva evoluta che risponde alle esigenze di personalizzazione di interior designer e progettisti. Non esiste il concetto di serie. Anche in casi particolari, come soggetti fuori catalogo o con una matrice aziendale, una volta elaborate le indicazioni del cliente, il team creativo realizza soluzioni estetico-tecniche custom made con cura sartoriale. Grazie all'efficienza raggiunta dal metodo di lavoro, il processo è veloce: selezionato il progetto e fornite le dimensioni delle pareti, il cliente riceve le simulazioni grafiche che visualizzano il risultato estetico. Scelto nella sua versione definitiva, il wall-covering viene prodotto e spedito nel giro di due settimane. A richiesta viene inviato al cliente un campione in scala reale prima della conferma dell'ordine.

**EN** Everything in the collection is exclusively made to measure thanks to advanced production technology that responds to the personalisation needs of interior designers and architects. The concept of mass production does not exist. Even in special cases, such as off-catalogue subjects or ones with a corporate matrix, once the customer's indications have been worked out, the creative team creates custom-made aesthetic and technical solutions with painstaking attention to detail.

Thanks to the efficiency achieved by this working method, the process is fast: once the design has been selected and the dimensions of the walls have been provided, the client receives the graphic simulations showing the aesthetic result. When the final version has been chosen, the wallcovering is produced and shipped within two weeks. On request, a full-scale sample is sent to the customer before order confirmation.

**ES** Todas las propuestas de la colección se realizan exclusivamente a medida gracias a una avanzada tecnología de producción que responde a las exigencias de personalización de diseñadores de interior y proyectistas. No existe el concepto de serie. Incluso en casos especiales, como diseños agotados o con una matriz de empresa, una vez procesadas las instrucciones del cliente, el equipo creativo crea soluciones estético-técnicas a medida con esmero artesanal.

Gracias a la eficiencia conseguida por el método de trabajo, el proceso es rápido: una vez seleccionado el proyecto

y suministradas las dimensiones de las paredes, el cliente recibe las simulaciones gráficas que muestran el resultado estético. El revestimiento mural, una vez elegida su versión final, se fabrica y envía en dos semanas. Bajo solicitud, se envía una muestra a escala real al cliente antes de confirmarse el pedido.

**FR** Toutes les propositions de la collection sont réalisées exclusivement sur-mesure grâce à une technologie de production avancée qui répond aux besoins de personnalisation des architectes et des designers d'intérieur. Ici, pas de concept de série. Même dans des cas particuliers, tels que des propositions hors catalogue ou pour satisfaire une entreprise, une fois que les indications du client ont été élaborées, l'équipe créative réalise des solutions esthétiques et techniques custom made avec un soin sur mesure. Grâce à l'efficacité obtenue par la méthode de travail, le processus est rapide : après avoir sélectionné le projet et indiqué les dimensions des murs, le client reçoit des simulations graphiques qui permettent de visualiser le résultat esthétique. Une fois choisie la version définitive, le revêtement mural est fabriqué et expédié dans les deux semaines. Sur demande un échantillon avec les motifs en dimensions réelles, est envoyé au client avant la confirmation de la commande.

**DE** Alle Vorschläge der Kollektion werden dank einer fortschrittlichen Produktionstechnologie, die auf die Personalisierungsbedürfnisse von Innenarchitekten und Konstrukteuren eingeht, ausschließlich nach Maß gefertigt. Serienanfertigungen gibt es nicht. Selbst in besonderen Fällen wie beispielsweise bei nicht im Katalog enthaltenen Produkten oder Artikeln, die speziell für ein Unternehmen angefertigt werden, erstellt das kreative Team nach der Ausarbeitung der Kundenwünsche maßgeschneiderte ästhetisch-technische Lösungen. Dank der Effizienz der Arbeitsmethode wird das Verfahren schnell abgewickelt: nach Auswahl des Projekts und Mitteilung der Wandabmessungen erhält der Kunde die grafischen Simulationen, die das ästhetische Ergebnis visualisieren. Die Wandverkleidung wird in der endgültigen Ausführung ausgewählt und innerhalb von zwei Wochen angefertigt und versandt.

Auf Anfrage wird vor der Auftragsbestätigung ein Muster in voller Größe an den Kunden gesendet.

# COLLECTION IX

Dai viaggi nel tempo e nello spazio, affiorano ricordi legati all'Oriente, ai suoi tessuti sontuosi, alla matericità della seta e del cachemire. Torna l'atmosfera degli interni anni Cinquanta, con soggetti e colori reinterpretati da una tavolozza di sapore vintage.

Nell'immaginario del viaggiatore il nuovo astrattismo dell'arte contemporanea, incontrato nelle gallerie di tendenza, invade con discrezione le sue stanze, con composizioni di linee e segni geometrici declinate in versioni inedite.

Nella memoria, le pareti s'illuminano di immagini iridescenti, di sfumature fluide e di bagliori improvvisi, scomposte e disegnate dalla luce di un prisma. O si animano di presenze gentili, piante, foglie e fiori, che rimandano alla natura e ai giardini d'artista. Superfici che parlano d'altrove.

*Images of the Far East, its sumptuous fabrics, the texture of silk and cashmere, reach us across the distances of time and space. Mid-century home décor, with its vintage-flavoured subjects and colour scheme, enjoys a comeback.*

*From the depths of a traveller's imagination comes a new brand of abstract contemporary art. We see it in the trendiest galleries, as it discretely makes its way into the exhibit spaces with compositions of lines and geometric shapes interpreted in an entirely innovative way.*

*In our remembrances, walls light up with iridescent images, with fluid shading punctuated by sudden flashes, pulled apart and outlined by the light of a prism – or they come to life by the unassuming appearance of plants, leaves, and blossoms that harken back to Nature and to artists' gardens. Surfaces that speak to a land far, far away.*
